

## SERIOUS RIOTS AT NEW ORLEANS

Street Car Company Is Routed by Mob of Strikers.

## CARS DEMOLISHED

Company Tries To Comply with Mayor's Order, and Trouble Follows.

## THE MILITIA NEEDED

(Special By Scripps-McLae.)

New Orleans, La., Oct. 7.—Piercing rioting marked the efforts of the street car companies to obey the Mayor's order to run their cars this morning and thus keep their tracks in operation as required by the city franchise. Preparations were made for trouble but not as much as came and the street car company was totally at sea to protect itself or its property much of which was destroyed by the angry striking motormen and conductors and their friends.

Cars Were Started At seven this morning the cars were started out from the barns with extra men on them to protect the motormen, who were all non-union. They had barely reached the first corner before the mobs attacked them and after demolishing the car into kindling wood struck and beat the non-union men and their guards. Several were badly injured and were taken to the city hospital. The police were unable to cope with the fury of the mob and were driven back from the scene of the trouble. It is thought now that the state militia will be called out before night to quell the riots.

## VILAS SAYS LAWS ARE INSUFFICIENT

(Special To The Gazette.)

Madison, Wis., Oct. 7.—Colonel William F. Vilas, former Democratic United States senator, at the initial dinner of the Six O'clock Club last night declared that he laws of the country are at present inadequate to deal with the situation arising from the strike of the anthracite miners. As a remedy he advocated the establishment of a tribunal in which labor and capital might enter their grievances, and according to the determination of which employers and employees must abide. The dinner was attended by 300 leading citizens.

## SPAIN'S QUEEN MINDS ORDER

Is About to Go to Austria, Giving Her Health as an Excuse.

(Special By Scripps-McLae.) Madrid, Oct. 7.—Queen Christiana, it is announced, is about to leave Spain for Austria on account of ill health. In the face of King Alfonso's order that she should go and his anger at her morganatic marriage this is probably a ruse.

## IMPORTANT SUBJECTS FOR VOTERS IN ILLINOIS

Three Trenchant Questions to Be Submitted to the People Next November.

Springfield, Ill., Oct. 7.—The following propositions will be voted on at the state election on November 4 next:

Shall the next general assembly submit to the people of the state of Illinois, at the next state election, a constitutional amendment providing for the control of legislation by the people, by means of the initiative and referendum, said amendment to provide for the initiation of legislation upon a petition of 8 per cent of the voters of the political divisions affected; and for the reference of legislation upon a petition of 5 per cent of the voters of the political divisions affected, the action of the majority of the electors voting to be final, thus restoring to the people the power they once held, but which they delegated to the general assembly by the constitution?

Proposed question of public policy: Shall the next general assembly enact a statute by which the voters of the political subdivisions of the state of Illinois may be permitted to initiate desired local legislation, by filing a petition therefor, signed by 8 per cent of the legal voters in said political subdivisions; and to have referred to the voters any legislation enacted by the several local legislative bodies, by the filing of a petition therefor of 5 per cent of the legal voters of any such political subdivisions, the action of a majority of those voting to decide in each case?

Proposed question of public policy: Shall the next general assembly take the necessary steps under article 5 of the constitution of the United States to bring about the election of United States senators by the direct vote of the people?

## SENATORS TALK OF CAMPAIGN PLANS

Spooner and Quarles Meet to Discuss Prospective Tours in Wisconsin.

(Special A. D. Dispatch.) Milwaukee, Oct. 7.—Senator Spooner and Senator Quarles had a session yesterday afternoon laying out their final plans for the campaign speeches that they are to deliver starting in next Monday. Senator Spooner had just returned from French Lick where he had been with his wife and son, Charles Spooner, and left for Madison, on the afternoon train after spending several hours closeted with Senator Quarles at the Pfister. National topics were said to have been under discussion.

Rose Special's Escape Report is current that the payment for the Rose "Hoopla Special" was not forthcoming at democratic headquarters on Saturday and that Chafrman Worden was forced to admit that there was not money enough in the treasury to pay for the use of the train. It is understood that time was given until Monday to pay up the bill of the railroad for the hauling of the train and that there was some lively hustling on the part of the faithful to raise the funds necessary for the continuation of the trip.

## MORE TROOPS ARE ORDERED OUT BY GOV. STONE OF PENNSYLVANIA

All the Pennsylvania Militia, Ten Thousand Men, Are Called Into Service, After a Secret Conference Between Governor and Advisors Late Last Night—May Cause Trouble.

(Special By Scripps-McLae.)

Harrisburg, Pa., Oct. 7.—Governor Stone last night issued an order calling out the entire national guard of the state of Pennsylvania. The troops will be disposed of so as to give the greatest protection to the miners and their families. The order was issued after a long conference at the executive mansion with Major General Miller and Adjutant General Stuart, who returned from Washington. The order was issued late at night and the men will be sent at once to the coal fields. The conference between the national guard officers and Governor Stone was a lengthy one and it is probable that before nightfall all the regiments of the Pennsylvania guard will be at the scene of the coal trouble.

## UP TO THE OPERATORS NOW

Beyond and above the immediate need of the presence of more troops in the coal fields and the presence of the men at the conference were the reflections of the demands made upon Governor Stone from all over the United States that he give the operators a trial to make good their word that they could furnish all the coal needed if they were given the protection of troops to mine it and transport it. This statement was first made at the conference in Washington last week and later was made to Governor Stone. It is believed that it is to test this claim thoroughly that he has issued the orders he has. The conference was not so much for the deciding of this move but was for the arranging of details as to the disposition of the troops and the transportation of them.

## THINK ROOSEVELT'S HAND IS SEEN.

It is thought at official headquarters that President Roosevelt has made this step possible by calling the attention of Governor Stone to the demand of the operators for troops. The national guard of Pennsylvania has in all 11,104 men, of which 9,518 are infantry, 269 cavalry. Approximately 3,000 men including cavalry and infantry are in the field now. President Mitchell of the miners' union has issued a statement to the effect that if all the troops in the Union were called out it could not influence the miners now out to return to their work. He also warned all miners to restrain themselves from any overt acts of violence and be careful that they were not drawn into trouble by the coal and iron police.

## GOVERNOR STONE'S ORDER AS ISSUED

"In certain portions of the counties of Luzerne, Schuylkill, Carbon, Lackawanna, Susquehanna, Northumberland and Columbia, tumults and riots frequently occur and mob law reigns. Men who desire to work have been beaten and driven away and their families threatened. Railroad trains have been delayed, stoned and tracks torn up. The civil authorities are unable to maintain order and have called on the governor and commander-in-chief of the national guard for troops. The situation grows more serious each day. The territory involved is so extensive that the troops now on duty are insufficient to prevent all disorder. The presence of the entire division of the national guard of Pennsylvania is necessary in their efforts to maintain the public peace.

"The major general commanding will place the entire division on duty, distributing them in such localities as will render them most effective for preserving the public peace. As tumults, riots, mobs and disorder usually occur when men attempt to work in and about the coal mines he will see that all men who desire to work and their families have ample military protection. He will protect all trains and other property from unlawful interference, will arrest all persons engaging acts of violence and intimidation and hold them under guard until their release will not endanger the public peace. He will see that threats, intimidation, assaults and all other acts of violence cease at once. The public peace and good order will be preserved upon all occasions and throughout the several counties, and no interference whatsoever will be permitted with officers and men in the discharge of their duties under this order. The dignity and authority of the state must be maintained and her power to suppress all lawlessness within her borders be asserted.

"By order of

"WILLIAM A. STONE,  
Governor and Commander-in-Chief.  
"THOMAS J. STEWART,  
Adjutant General."

## ANNUAL CANE RUSH WON BY FRESHMEN

Humiliating Defeat and a Ducking for Sophomores at the University of Wisconsin.

(Special To The Gazette.) Madison, Wis., Oct. 7.—Two hundred wet and angry Sophs crawled out of the waters of Lake Mendota yesterday afternoon, at the close of the annual freshman cane rush, and watched the freshmen haul down their flag from the turret of the gymnasium and then march down town in a long parade giving their class yell. It was a freshman victory and was easily won by the members of the class of '06.

## CABINET OFFICER TO VISIT MADISON

Secretary of the Navy Moody Will Speak on Republican Campaign Issues.

(Special To The Gazette.) Madison, Wis., Oct. 7.—Secretary of the Navy Moody of Massachusetts has been secured for a republican speech here next Friday night. The speech will be delivered at the assembly chamber and a large attendance is assured. This will be the first time in years that Madison has had an opportunity to entertain a federal cabinet officer. The presiding officer for the meeting has not yet been chosen. A plan is under way to secure Senator Beveridge of Indiana as one of the speakers for Republican day during the Fall festival next week. He would have spoken here tonight if the university gymnasium could have been secured for him, but the executive committee of the board of regents declined to grant the use of the hall for the meeting.

The man who was supposed to have fired the shot which killed Fireman Joe Kocha of Milwaukee road at Pembine and who was himself shot and killed in a lumber camp on Eagle Creek was supposed to have been insane.

## MILWAUKEE IS BAD TO BRYANT

He May Not Play in Their Back Yard Any More.

## TO GO TO MADISON

Republican Headquarters May Be Moved to Capital.

## FUNDS ARE SCARCE

(Special A. D. Dispatch.)

Milwaukee, Oct. 7.—General Bryant, chairman of the republican state central committee, has reiterated the statement he made some days ago that he would move the republican headquarters to Madison, owing to the annoyances that he has to undergo in Milwaukee. The General claims that leaders of the local districts send him word that they do not care for the speakers he has chosen for them and that they will not be responsible for the hall or other equipments for a first-class political gathering.

## More Complaints

Another complaint the General makes is that there are many persons who are about the Pfister hotel who ask him what he is to do as to certain things and then go off and tell the plans to the other faction so that trouble may be stirred up. Secretary Tucked makes public the statement that while there have been funds enough to pay the needs so far that the money is not coming in for campaign purposes as it has in the past and that the exchequer is shy of the running expenses of a first-class campaign.

## MURDERS HIS FAMILY, THEN SHOTS HIMSELF

Desperate Deed of Hotel Proprietor at Vienna After a Night at Playing Cards.

(Special By Scripps-McLae.)

Vienna, Oct. 7.—Johann Foerchtgott, a hotel proprietor, killed his entire family here. Foerchtgott had been on the verge of bankruptcy for some time, but he concealed his troubles from the outside world. Nevertheless they preyed upon his mind until he became mentally unbalanced.

He spent Sunday night playing cards. Apparently he was in the best of spirits. He left the card table at daybreak and reached his home at 8 o'clock. He entered the room where his family were assembled, locked the door, and shot his wife with a revolver. She was only a few inches from him when he fired.

His eldest son, 17 years old, tried to wrest the revolver from him, and a terrible struggle ensued. Finally Foerchtgott overpowered the boy and shot him through the forehead. He then turned on his two daughters, one aged 15 and the other 13, who were cowering and shrieking in a corner, and shot them both. Then he placed the barrel of the revolver in his mouth and killed himself. The entire slaughter occupied only a few moments.

# Brief News From County Towns

AS TOLD BY OUR CORRESPONDENTS.

## CLINTON

Clinton, Oct. 7.—A most unique and novel party was given by Mrs. E. H. Tubbs on Thursday evening last. The guests were requested to come prepared to advertise something, either in various devices, in dress or, merely an advertising card attached to the clothing. Over eighty were present, and with two or three exceptions all carried out the plan with most gratifying results. Conspicuous attire were representatives of "None Such Mince Meat," "Baker's Cocoa." A ballot was taken for the best costume and prizes were given to Mrs. F. R. Helmer who received the small broom and Mr. C. L. Hanson, who received a tin horn for representing the "Cream of Wheat" advertisement so perfectly. The guests were served with an abundance of fine refreshments and after everybody had guessed what everybody else had tried to advertise the company dispersed at a late hour. Delightful orchestra music was furnished by the Murray Bros. and Messrs. D. and W. Smith.

Mr. and Mrs. Thomas and Mr. Will Bruce have returned from their summer cottage at Lauderdale Lake. Mrs. Bruce, who has been very sick for the past month, was removed to Elkhorn and will be brought home as soon as possible.

Mr. and Mrs. Warner Sampson, the jeweler in Griswold's pharmacy has received an offer from firms in Beloit and Rockford, and will remove his family to one of the places this week. We are sorry to have them go from us. Mrs. Sampson's violin playing has pleased all who have heard her.

The many friends of Mr. and Mrs. George Miner will be pleased to learn that they are to be residents of Clinton again. They will reside on the Curtis farm two and one-half miles west of town, where they will be pleased to receive their friends.

Mr. J. C. Howarth is erecting a building on the west end of the lot, corner of Church and Milwaukee streets, which will soon be open to the public as a photograph gallery. Mr. Howarth expects to have a full equipment for his work in this line and judging from his success in the past we bespeak a generous share of patronage in the future in his chosen work.

Mr. Solon Cooper advertised his strawberry bed by displaying some of the second growth berries in the shape of a button hole bouquet at the advertising party of Mr. Frank Hammond's.

Mr. and Mrs. A. H. Hollister of Madison spent a few days with friends last week and while here celebrated their twenty-sixth wedding anniversary in making calls on the numerous old time friends.

Mr. and Mrs. F. Collier, Miss Ann Irish and Rev. T. J. Parsons are in Milwaukee in attendance at the Baptist state convention this week.

The Schubert Concert Co. will give a fine entertainment Monday evening Oct. 13th at the Congregational church at 8 o'clock.

Miss White of Fulton, who came to visit her friends Mrs. O. E. Noble several weeks ago, was taken sick and is still confined to her bed.

Mrs. Bliss will have charge of the grammar room in the temporary absence of Pryor, who has gone south with an invalid sister.

Mrs. Vater is in Chicago at the hospital with her husband, Rev. Geo. Vater, who is there for another operation.

Rev. and Mrs. Herbert stopped here Friday between trains, guests of Mr. and Mrs. Cooper. Mr. Herbert preached at East Troy on Sunday.

Miss Ora Smith of Janesville spent Sunday with her friends Mrs. Sampson.

Mr. and Mrs. Fred Herron entertained their cousin, Mrs. Vedor of Sharon several days of late.

On account of the Schubert Concert Co.'s concert on Monday Oct. 13th, the meeting of the "Pocantotas Club" is deferred until Tuesday the 14th.

Mrs. C. P. Drake, Mrs. Hanson and Mrs. Mayhew traded in Janesville last week.

Mr. A. C. Rice and family left Monday for their new home in Beloit. The best wishes of many go with them.

Mrs. Cronkite had a narrow escape while starting a fire in the furnace a few days ago.

## UNION

Union, Oct. 7.—Mr. Horg has returned from his visit to his parents in Michigan, and was in his accustomed place in the pulpit last Sunday.

Mr. Wheelock and family left for their new home in the northern part of the state last Tuesday. The good wishes of their many friends go with them.

Miss Maud Gilles has accepted a position in a private family in Deerfield.

Mr. Peter Hanson and family will leave their present place on the "section" this fall and take possession of his new farm of eighty acres near Brooklyn.

Some people or persons with a tendency for "light flageriness" is making a moonlight visit in our midst. A

good sized bunch of tobacco lath was taken from the shed on Mrs. Fairbank's place, in which Mr. Patterson has some of his tobacco, a few nights ago, and these with a lantern, a couple rolls of woven wire, an ax, etc., go to make up the list of "mysterious disappearances" which have occurred of late in our midst.

Mr. Gilles experienced something of a "blue" Wednesday last week. He was cutting corn with a sled and in some way the sled became caught, and the horse was backed against the knives, severing the artery in both of the hind legs of the poor animal. It was immediately put out of its misery but was considerable of a loss to Mr. Gilles. Later in the day Mr. Gilles lost a plain gold ring off his finger setting up the corn.

Mr. Will Richardson, who was once a resident of this place, is greeting old friends once more. It has been about twenty-one years since Mr. Richardson has been in Union and naturally he finds great changes to have taken place.

Eternal vigilance seems to be the watchword of tobacco growers this year owing to the long continued damp weather, but as yet we have heard of no damaged tobacco directly in our community. Around Porter, however, we hear that some tobacco has had to be thrown out of the sheds which perhaps was some that was harvested earlier than we were here able to do.

Corn is ripening surprisingly with the past few days and those who have not yet cut their corn, and can do so now are many frosts will have pretty fair corn.

## MILTON

Milton, Oct. 7.—Tomorrow the Sacred Hearts of Watertown and Milton college foot ball teams meet on the gridiron here for their first game.

Roy Hollinger, the ten year old son of Mr. and Mrs. B. F. Hollinger, met with what will no doubt prove a fatal accident Saturday. He was driving a team hitched to a truck wagon and in reaching over the dash to hit the horses fell in front of the wagon.

One of the wheels ran across his body and when picked up was paralyzed from waist down. Dr. A. S. Maxon of Milton Junction and Dr. Woods of Janesville who was called in consultation, found on examination that his spine was dislocated but the spinal cord did not seem to be injured. He has one chance in a hundred for recovery. Mr. and Mrs. Hollinger have the sympathy of all.

Kenneth Boss, who was a victim of diphtheria, died Friday night and immediate burial was made. The diphtheria had yielded to treatment, but the weakened condition of the boy prevented his rallying and he died of exhaustion. Mr. and Mrs. Boss have the heartfelt sympathy of the community in their hour of sorrow. The quarantine of their house was raised on Saturday, there being no other cases in the family.

## VALENTINE THE ONLY CANDIDATE

NOMINATED UNANIMOUSLY AT ASSEMBLY CONVENTION TODAY.

OGDEN H. FETHERS PRESIDED

Resolution Calling For Unqualified Vote for Senator Spooner Passed.

Charles L. Valentine was nominated by the Second Assembly district convention this afternoon at two o'clock in the circuit court rooms. His name was presented to the convention by the Hon. O. F. Nowlan and the secretary was instructed to cast a unanimous ballot for him.

The meeting was called to order and Ogden H. Fethers was chosen chairman and Charles B. Conrad, secretary. The report of the county committee on credentials was adopted and O. F. Nowlan presented the name of Charles L. Valentine as a candidate for the assembly, and on a motion to make the nomination unanimous Secretary Conrad cast the vote of the convention for Mr. Valentine.

**Resolution Adopted.** Judge J. W. Sales then presented the following resolution which was unanimously adopted:

Resolved, That the nominee of this convention, if elected, is hereby instructed and directed to vote in caucus and joint convention for John C. Spooner for United States senator without conditions of any kind whatsoever.

**Valentine's Speech.** Mr. Valentine was then brought in to the convention and thanked them in the following well-chosen words:

"Mr. Chairman and Gentlemen of the Convention: I appear before you to extend to you and to the Republicans of the district, my sincere thanks for this nomination, and to assure you of my appreciation of the honor it confers.

"If elected to the position for which I am nominated, it will be an event in my life to cast your vote and the unqualified vote of every republican of the district for the return of Senator Spooner to the senate of the United States.

"We, as republicans, believe that the interests of this nation of ours and the peace, prosperity and happiness of its people are best served by the success and maintenance of those principles for which the republican party contend and time and events have justified the position we take.

"No differences of opinion within the party should jeopardize its success and I appeal to you and to all republicans of the district to drop all dissensions and to unite and put forth every effort for the election of the ticket we represent."

**Assembly Committee.** The following assembly committee was then chosen for the coming two years: A. H. Sheldon, Harry H. Bliss and M. B. Clark of Harmony.

### NEWS OF THE CITY IN BRIEF.

Eastern Star meeting tomorrow evening at 7:30 o'clock. O. E. S. Janesville Chapter No. 69.

O. E. S. Meeting: Janesville chapter No. 69, Order of Eastern Star will hold a regular meeting in Masonic hall tomorrow evening at 7:30 o'clock.

R. N. A. Meeting: Crystal Camp, No. 132, Royal Neighbors of America will meet in regular session at West Side Odd Fellows' hall tomorrow evening at 7:30 o'clock.

Athena Class Meets: Members of the Athena class will begin their winter study tomorrow afternoon at 2:30 o'clock when the first meeting of the season will be held at East Side Odd Fellows' hall.

Court Cases: Settlement out of court was reached between Alfred Pearl and George Kettle, both of the town of Center. The action was a civil suit in the municipal court for \$400 damages on an assault and battery charge, which was adjourned to the 14th of this month.

Careless Bicyclist: Last evening A. H. Sheldon was the victim of a careless bicyclist who was riding on the sidewalk, without either a lamp or a bell on his wheel, in defiance of the city ordinance which forbids riding on walks and requires wheels to be equipped with both lamp and bell. Mr. Sheldon was run into at the corner of Pleasant and Franklin streets with such force as to be thrown a considerable distance and rendered insensible for a short time. He is suffering from some severe bruises as a result of the accident.

Twilight Club Meeting: The first meeting of the Twilight club will be held on Friday evening, Oct. 17, at the Hotel Myers, instead of Tuesday evening, Oct. 14, as previously announced. The change of date was made in compliance with the general wish of the members of the club, as "The Normandy Wedding," which is one of the chief attractions of the season, is booked at the Myers Grand for the 14th.

A Freak Match: There has been some talk among local bowlers of playing a freak match at some time this winter. Whatever may be said of bowling as a sport it is one-sided in its development of the body, and in order to develop the other side, in these matches it will be required that the bowler use the reversed position from that which is customary. That is, a right-handed bowler will have to use his left hand and vice versa.

Watch Your Money: There is an epidemic of lost dollars in the city and the counterfeiters are reported to be very clever imitations. The ring is only lacking a little of corresponding with that of the dollar issued from the mint. One dealer took forty-two dollars to a bank a few days ago, and out of that number three were declared false. Several others have had a similar experience.

A Nasty Wound: John Downey, Jr., of the town of Center, is confined to the house as the result of an accident sustained while hunting last Sunday. He was accompanied by Martin Schabo who accidentally dropped his gun, discharging it. The shot entered Mr. Downey's leg wound in ghim painfully but not seriously.

**On His Vacation:** Officer John Brown is taking the balance of the ninety day leave which was granted him early in the season but which was broken into by Chief Hogan's return to the force. During the rest of his vacation Officer Brown will be on duty Saturday nights and Sundays.

**Meet Tonight:** Regular meeting of the Mystic Workers of the World this evening at East Side Odd Fellows' hall.

**Rally Day:** The scholars who are to take part in the Rally Day exercises at the Court Street M. E. church next Sunday, are requested to meet in the Sunday school room, Wednesday afternoon at four o'clock sharp.

**Change in Date:** On account of other attractions which occur the same evening as the date of the meeting of the Twilight club has been changed to Friday, October 17, instead of Tuesday, the 14th, as originally planned.

**Rushing Work:** Work is being rushed today on the cement walks about the city hall, the sun and dry atmosphere greatly expediting the hardening of the cement.

**Treasurer Fathers is Better:** City Treasurer Fathers was at his work for a short time this morning for the first time since a week ago today. He has yet to regain his accustomed energy and he did not care to stay in his office much longer than was necessary to see how things were progressing in his absence.

**Small Caucuses:** Doubtless the fact that there was no opposition to Assemblyman Charles L. Valentine's candidacy for the nomination in this afternoon's convention of the second assembly district was responsible for the small attendance at the republican city caucuses last evening. Less than one hundred votes were polled in the city, and the list of delegates, as published in last evening's Gazette, was elected without opposition.

**Judgments Given:** Judgment for \$31.84 and costs was given by Justice Earle in favor of Martha A. Brownell, administratrix of the estate of J. J. Brownell, against H. S. Sloan. The judgment was given yesterday afternoon, the case having been called in the morning and held over for a decision. Yesterday afternoon a jury trial was held in the case of G. W. Morgan against James P. Gage and the jury found for the defendant, and ordered the plaintiff to pay the costs of the action, \$26.50. A decision was also given Tuesday afternoon for William Monahan against the Chicago and Northwestern railroad for \$38.81.

## MUST PAY BILLS FOR LIGHTING

THREE BELOIT CITIZENS STAND EXPENSE OF CARNIVAL.

THE CITY FAILED TO PAY UP

W. T. Ball, W. Appleby and J. W. Merrill Are Out on Carnival Deal.

Because three Beloit citizens secured some lamps and wire from the Janesville electric company to light the Line city carnival, they did it at the expectation that they would be reimbursed for any financial outlay they made, by the general carnival fund.

**Pledges Not Paid.** Unluckily the carnival fund fell very short, owing to the failure of certain subscribers to pay their pledges and there was no surplus which to pay for the lights. These three gentlemen, W. T. Ball, William Appleby and J. W. Merrill, had stood responsible for the fixtures which were secured from the Bower City electric company, and they were allowed to foot the bill, as a reward for their public spirit.

**Came To Janesville.** Beloit people had thought that they would be able to secure all the lighting supplies that were needed from their own lighting company, but when it was found that it would be necessary to go elsewhere to obtain sufficient wire, and other fittings, the three gentlemen named, took it upon themselves to get the lights which were left at the close of the Janesville carnival. They put their own names down in surety and when the time came to pay the bill found that they had about one hundred dollars to settle for among themselves while the city stood off at one side, and did nothing. The bill was increased by the fact that numberless bulbs had been stolen during the week, for which these gentlemen also had to pay.

### DEATH'S CALL CAME TO MRS. R. J. RIDER

Life of Unselfish Service for Others Comes to Sudden Close This Morning.

After two weeks of intense suffering, patiently and beautifully endured, Mrs. Rozilla J. Rider entered into the rest and peace of the life eternal, this morning at four o'clock. Death came to her suddenly at her home, 152 South High street as the result of the bursting of the gall duct. Mrs. Rider having been afflicted with gall stones.

Deceased was sixty-three years of age. Rozilla Rider was born in Hilton, N. Y., July 2, 1839 and in September, 1849, she came to this city with her father and mother who were among Rock county's pioneer settlers. She united with the First M. E. church of this city when only thirteen years of age and had always identified herself closely with its interests. At the time of her death she was one of the valued members of the Ladies Aid and Missionary societies of the church and was also corresponding secretary of the W. C. T. U.

Mrs. Rider's christianity was cheerful and practical. The spirit of helpfulness animated her life and, like Dorcas of old, she was ever ready for any loving deed of service. Her life was one of usefulness and her loss will be sadly felt in the church and in the large circle of personal friends by whom she was dearly loved.

Those who mourn for a devoted mother are Miss Florence Rider of this city, Misses Rose and Mae Rider of Minneapolis, Auburn Rider of St. Paul and Charles Rider of Sacramento. Three sisters and two brothers are also bereaved, they being Mrs. Carrie Bennett, of Austin, Ill.; Mrs. Laura Hall, of Rockford, Ill.; Mrs. Mary Clithero, Charles N. and Murillo T. Rider of this city. Since the death of them other of the family, Mrs. Rider had kept house for her two brothers.

Arrangements for the funeral services will not be made until the out-of-town relatives are heard from.

**Mrs. Michael Lyons.** This morning at 11:45 o'clock death came to Mrs. Michael Lyons at her home, 306 Linn street. Deceased was fifty-seven years of age and for over twenty years she has been a resident of this city where she has many friends. She leaves a husband and four children, Mrs. John Coleman, Annie Manile and John Lyons. Notice of the funeral later.

**Mrs. John Rutherford.** Funeral services for the late Mrs. John Rutherford will be held from the home, 205 South Bluff street, tomorrow afternoon at two o'clock and will be conducted by the Rev. A. H. Barrington.

### BAD RUNAWAY ACCIDENT

Horse Runs Five Miles and Smashes Into Other Rigs

A terrific runaway accident occurred on the corner of Main and Court streets this afternoon when a horse belonging to Joseph Echlin, after running five miles, smashed into two rigs hitched on Court street. A democrat wagon, belonging to Myron Clark, of Rock Prairie, was demolished and the horse slightly scratched. Echlin's carriage was also smashed to pieces and his horse was badly cut. The other rig was only slightly injured. Fortunately no one was in any of the carriages and no one was injured. The horse broke away, while Stanley D. Tallman, who had hired him, was attempting to feed him at a farm five miles out in the country. Mr. Echlin was notified by telephone and started to meet the horse.

Mr. and Mrs. Charles A. Stanton and daughter of Baraboo were in the city yesterday to attend the funeral of Mr. Stanton's brother, the late Geo. Stanton.

**No Owner for \$30,000.** The \$30,000 in bills which figured in the bribery cases attending the election of Senator Clark by the Montana legislature still remains a part of the archives of that state. The man to whom it was given as a bribe never claimed it; the briber or bribers have not asked that it be returned and there is no channel by which the state can appropriate it as part of the public funds.

## STUDENTS FIND BODY FLOATING

CORPSE DISCOVERED ON TOP OF THE WATER.

REMAINS WERE CHRIS. MASON

Old Hide Buyer and Soap Agent Well Known in Rock County.

Beloit college students, rowing on Rock River this afternoon, just below the electric company's bridge at Beloit, discovered the body of Christopher Mason, a veteran hide buyer and the Beloit agent for the Janesville soap factory, floating in the river near shore. At the same time an engineer on the Northwestern road saw the body and telegraphed the police about it from Afton. The engineer's telegram and the students' report were both received by the police at about the same time.

**Looks Like Suicide.** From the appearance of the clothing of the dead man and the fact that his hat was found under a tree with a stone on it to keep it from blowing away, suicide is the theory advanced. The body was floating on top of the water a few feet from shore and from general appearances had not been in the water more than two hours. It was taken from the water by men with long boat hooks and taken to the family home.

**An Old Resident.** Mr. Mason was eighty-one years old and very hale for his age. It is said by his friends that lately he has acted melancholy, but no cause for his deed can be assigned. He leaves a widow and two sons, Joseph, foreman of the paint shop of the Eclipse shops, and Robert, foreman of the paint shop of the engine shop of the factory. A coroner's jury has been impaneled and is solving the cause of his death.

**Statesmen Exchange Courtesies.** In a recent debate in the house of commons Mr. Wyndham, chief secretary for Ireland, referred to T. W. Russell as one of the "political desperadoes—those unworthy and desperate persons whose programme of proscription and fear has paralyzed every nerve of Irish national life."

Mr. Russell responded by saying that Mr. Wyndham "long ago mortgaged his soul to the landlords, who are now foreclosing their lien."

**Economy in Morgan's Office.** In the New York office of Pierpont Morgan there is a junior clerk, the son of a millionaire, who when not otherwise employed is engaged in affixing the flaps off envelopes which have been used. The flaps are preserved in pads for scribbling paper. The mail of such a house is enormous and the saving effected in this way is not inconsiderable.

**Undiscovered Cuba.** After more than 400 years it appears that Cuba has not yet been entirely discovered. Much of it and many of its treasures are yet unknown, according to the recent report made by Governor-General Wood. He says that after the centuries of Spanish occupancy there are large portions of the island that have never even been prospected, and practically remain undiscovered, so far as knowledge of what they contain goes.

The newest thing in photography, the development of films in broad daylight by the Kodak Developing Machine. It is a simple thing, done by means of an apparatus little bigger than the average camera, and as in all epoch-marking inventions, the only wonder is that nobody ever thought of it before. Cameras have been improved from year to year, and the making of pictures has been simplified to a point which brought thousands of recruits to the ranks; but the dark room has ever been a drawback. Now comes along a machine that not only does away with the dark room, but gives better results than the average amateur can secure in the dark room. Price \$4.00 and \$7.50.

## FEDERATION ADDS MANY MEMBERS

### JOURNAL IS ON SOUND BASIS

Monthly Publication More Than Pays Expenses—Controversy Between Woodworkers and Piano Makers Is to Be Aired.

Washington, Oct. 7.—The executive council of the National Federation of Labor decided against the Chicago Federation of Labor in the dispute with Typographical Union, No. 16. The Chicago central body will be required to rescind its order suspending the local union, and the union is requested to elect delegates to represent it in the Chicago Federation of Labor.

Another important decision was the revocation of the charter of the Amalgamated Society of Engineers, which failed to comply with the decision of the executive council in regard to its controversy with the International Association of Machinists and the other metal trade unions.

**Adds 200,000 Members.**  
The report of the secretary and treasurer showed the American Federation of Labor to be in excellent condition; that an increase of more than 200,000 members has been gained in the last four months; that the official magazine, the American Federationist, is on a sound basis financially and otherwise; that there are now more than 900 volunteer organizers throughout the country and thirty salaried organizers directly employed by the American Federation of Labor and 240 organizers employed by unaffiliated national unions.

**Hear From Miners.**  
Reports were received from various organizations indicating their progress and growth, the most interesting report being that of the miners, stating that the situation of the strike is well in hand, that the response for financial aid is fairly good, and urging further contributions to maintain the families of the men on strike.

The International Longshoremen's association made application for a new charter under the name of International Longshoremen, Marine and Transport Workers' Association of America. Inasmuch as this would extend its jurisdiction to trades and occupations already organized and which organizations have protested against the change in title and jurisdiction, the executive council decided to recommend to the convention of the Federation at New Orleans in November next that a special committee be appointed to consider the entire matter.

**To Hear Controversy.**  
In the matter of the controversy between the Amalgamated Woodworkers' International union and the Piano and Organ Workers' National union, the representatives of both organizations were notified to appear for the purpose of ascertaining whether the agreement reached between the organizations last December has been faithfully complied with.

An application for charter from the package freight handlers was received and orders referred to a special committee to be appointed at the New Orleans convention.

### FORMER GOVERNOR NEIL DIES

Was Appointed Executive of Idaho by President Hayes.

Columbus, O., Oct. 7.—Ex-Gov. John B. Neil died from cancer of the throat. Mr. Neil was born July 23, 1842, and in 1877 President Hayes appointed him registrar of the land office in Salt Lake City, and afterward in 1880 made him governor of Idaho, which office he held for four years. He served through the civil war, being mustered out as colonel of the Forty-sixth Ohio volunteer infantry. Arrangements for the funeral have not been completed.

### BRINGS DEAD HEART TO LIFE

Russian Physician Makes It Beat After Removal From Body.

Moscow, Oct. 7.—A doctor named Koulatke has succeeded in his experiments in reanimating the heart of an infant. He extracted the heart from a child that had died twenty-four hours previously. It beat with normal regularity for one hour. Dr. Koulatke hopes that his discovery will assist in reanimating in cases of death by drowning.

## ANNIVERSARY OF ORDER OBSERVED

Ladies of the Maccabees Entertain Their Friends at a Pleasant Celebration.

Ten years ago the first of October the Supreme Hive of the Ladies of the Maccabees of the World was instituted and the anniversary of the event is being celebrated wherever there is a subordinate hive of the order, each hive choosing the nearest convenient date to the anniversary.

The celebration of the Rock River Hive, of this city, was held last evening at East Side Old Fellows hall and was in the nature of an open meeting to which the friends of the order were invited. The meeting was largely attended and the guests were royally entertained with a musical and literary program of mutual excellence. Greetings and congratulations were read from the supreme officers.

After the adjournment of the meeting, the balance of the evening was devoted to general sociability and card playing. The anniversary was a great success and much credit is due the committee of arrangements which consisted of Mesdames Anna Klenow, Minnie McKittrick and Emma Miller and Misses Harriet Lagermann and Mildred Crouse.

### Flora De Voss

Last night Flora De Voss played to a "standing room only" house and won the same enthusiastic reception which has always greeted her in the past. With three or four exceptions, the company this year is made up mainly of new recruits since last season, but the work of the troupe is fully up to past standards. The specialties were pleasing and the play, "A True Kentuckian" met with hearty favor. Tonight "Pawn Ticket No. 210" will be given.

### Senators' Home Again.

San Francisco, Cal., Oct. 7.—United States Senators J. H. Mitchell, A. G. Foster and J. R. Burton and ex-Senator J. H. Thurston, who have been in Honolulu looking into the crown-land claims have returned.

## KNIGHTS OF GRIP TO HOLD BANQUET

PLAN FOR FIRST SOCIAL OF THE  
SEASON.

WILL RESUME FESTIVITIES

Janesville Council No. 108 U. C. T.  
Will Celebrate Reception of  
the 108th Member.

Members of Janesville Council No. 108 United Commercial Travelers have resumed their meetings after the summer vacation and are looking forward with pleasure to another winter of fun and profit. This year the same plan will be followed which has proved so pleasant and successful for several years and every other meeting will be devoted to a social gathering in which the families of the members will join.

**Monthly Socials**  
These social meetings will come once a month on Saturday evenings and will invariably open with a banquet served by the ladies of the order under the direction of an efficient committee. These suppers will take place at six o'clock and will be for members of the council and their families only. Supper will always be followed by a social evening which will be varied in its nature. Sometimes there will be a program and on the other occasions the entertainment of the evening will consist of cards or dancing.

**First Banquet**  
The first of these social gatherings will be held at East Side Odd Fellows hall, Saturday evening, October 18, and will be made more of a jubilee than usual because it will have a double significance. It will mark the opening of the social season and it will also celebrate a happy coincidence in the growth of the order. The number of the local council is 108 and at present that number also represents the exact membership of the council, the 108th member having been initiated last Saturday evening at the first regular meeting of the year.

**Committee Appointed**  
Arrangements for the coming jubilee meeting have been left in the hands of a competent committee and the festivities will begin with the customary six o'clock banquet. When Counselor Crawford announced the gentlemen members of this committee he stated that each one could select any lady to assist him except his own wife. By a strange coincidence each member of the committee chose the wife of one of his associates on the committee so that the entire committee of arrangements consists of Messrs. and Mesdames F. F. Nicholson, C. D. Evans and W. E. Clinton.

## Y. M. C. A. CLASSES ARE NOW READY

Educational Department Starts Its  
Classes Last Night with a  
Goodly Number.

Last night a meeting at the Y. M. C. A. building was attended by several of those who intend to enter the educational classes offered for fall and winter study. Up to the present time fifteen in all have decided to take the courses, and a number of others will probably be added as soon as the work has actually been started.

**Courses Decided On**  
At least four different courses have been decided upon. Enough persons have signified their desire to take up the work to justify conducting classes in penmanship, bookkeeping, mechanical drawing and vocal music. Arrangements will be completed at once for teachers for these branches and all other preliminaries will be attended to.

**Will Begin Soon**  
In about two weeks the courses will probably begin. At that time it is hoped that enough more names will be added to the present list to assure a winter of unusual success in the educational department of the association. Those who have the work in charge have expressed themselves as more than satisfied with what has been accomplished thus far. They feel that in the past the courses have been of great benefit to those who have taken them up, and they trust that those offered this season will prove as valuable.

## EIGHT O'CLOCK IS HOUR FOR CLOSING

Registration May be Made Early This  
Evening—Some Precincts  
Open Tomorrow.

Up to the middle of the afternoon comparatively few had presented themselves for registration at any of the places appointed for that purpose. At most of the stands not more than twelve or fifteen had given their names personally, and only three women in the entire city had personally signified their intention of exercising the right of franchise at the coming election.

**Compared Old Lists**  
However, the right of making out the list from those of past years was freely exercised by the registry boards. Nevertheless, it is urged that every one make an effort to appear in person or by proxy at as early a date as possible in order to save needless red tape at the last moment before the election. It is just as effective to register now and far simpler.

**Open Two Days**  
In each precinct where more than three hundred votes were polled at the last election the registry boards will sit for two days, from nine o'clock in the morning until eight in the evening. The only exceptions in this city, where the places are open only one day are the first precincts of the First and Second wards.

**Registry Places**  
First Ward—First precinct, North River near Wall; second precinct, Washington school grounds.  
Second Ward—First precinct, North Main street near First; second precinct, North Main near Fourth Ave.

Third Ward—First precinct, Court St. bridge; second precinct, Racine St. near South Main.  
Fourth Ward—First precinct, South River near Dodge; second precinct, Academy near Pleasant.  
Fifth Ward—Center near Center avenue.

## STANDARD OIL ADDS \$250,000 TO PROFITS

Advance of One-Half a Cent Per Gallon Means Great Swelling of Dividends.

New York, Oct. 7.—The Standard Oil company is taking advantage of the coal famine to increase its profits. An official announcement has been made by the company that the price of petroleum had been advanced from 8 to 8½ cents a gallon.

The production of petroleum in the United States last year was 2,396,975,700 gallons, of which 1,315,249,000 gallons was for domestic consumption. If the advance applied to crude petroleum it would mean an additional revenue to the Standard Oil company of \$6,536,225 a year. Only about 600,000,000 gallons, however, will be affected by the increase, so the Standard Oil company at this time is increasing its annual income of about \$2,500,000.

## MOOSE HUNT FOR PRESIDENT

Minnesota Mayor Arranges Plan and  
Sends Roosevelt an Invitation.

Minneapolis, Minn., Oct. 7.—Frank H. Kratka, mayor of Thief River Falls, Minn., has sent to President Roosevelt an invitation to hunt moose in northern Minnesota for ten days. The invitation was burned on birch bark. It was accompanied by a special hunter's license, also on bark, for which the President, if he accepts, must pay \$25 like any other nonresident hunter. The program submitted brings the President to Chicago November 10 and to Thief River Falls November 12. The party will go overland from the last-named point to the Beltrami county woods. The party is to include Senators Clapp and Nelson, Gov. Van Sant and Congressmen Fletcher and Morris.

## ICE COMPANY FIGHTS A ROAD

Knickerbocker Counsel Ask Injunction  
Against Indiana Line.

La Porte, Ind., Oct. 7.—Defeated in its efforts to prevent by force the Chicago and South Shore Railway Company from using part of its Pine lake frontage for a right of way, the Knickerbocker Ice Company of Chicago has applied in the circuit court for an injunction to prevent the Interurban company from crossing its property. There is now an injunction in force preventing the ice company from interfering with the traffic of the street car company.
